DETAILED ACTION

The applicants' response under 37 CFR 1.116 in reply to the final rejection has been considered but is not deemed to place the application in condition for allowance.

Upon further consideration, the Finality of the office action is withdrawn to apply the following rejection.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-16, 31-33, 43 and 44 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Any claim not specifically rejected is rejected as it is dependent on a rejected claim and shares the same indefiniteness.

1. Claim 1 is indefinite as it is not clear what compounds are embraced in this claim and its dependent claims 2-16, 31-33, 43 and 44. As recited R³ definition embraces a monovalent group while in the formula I, R³ is depicted as a divalent group. Note alkyl, alkoxy, thioalkyl, hydroxyalkyl or carboxyalkyl are monovalent groups not divalent groups as required by the R³ of formula I. Thus, scope of the claims 1-16, 31-33, 43 and 44 remains unknown.
